Notes:-

1) Both direct equivalent and non-direct equivalent courses (with an indicator of "T") are applicable to a degree program depending on departmental graduation policies. Each academic Department/College has its specific policies on applying transfer courses/credits. For example, College of Engineering can only accept transfer courses that have at least a C grade because the Engineering College has prestige ABET institutional accreditation; and must maintain a high standard to protect such accreditation.

2) When transferring to a non-direct equivalent course (general "T"), we do take MCKL's original credit system. When a MCKL course has been reviewed and deemed to be a direct equivalent course at Iowa State University, that course is assigned to a Iowa State University's course number and credit hour published on university catalogue.
